

Cultivate The Future!

Twice yearly, PLANTCNY awards scholarships to a college student studying for a career in Horticulture or Landscape.

Major Fundraising for scholarship funds is a Silent Auction held annually at the Trade Show and Education Day, and at the Summer Clambake.

A donation of products or services from your company will help provide financial support to the next generation of Nursery and Landscape Professionals, while giving exposure to your business!

The donated items do not have to be industry-related!
